### Presidential Greetings

We are on our way with a start of a new Pilot year. I just returned from the Pilot Annual Meeting & Leadership Conference in Dallas, TX. **Pilots 90<sup>th</sup> year!** We had a great time and learned a lot too. I have suggestions/ideas for our club and we learned what Pilot International (PI) has been working on.

We will be presenting each Division's Plans of Work at the July meeting and it sure looks like we have planned a busy year for ourselves. If you have any questions make sure you let us know at the meeting.

Next month Peggy and I will talk about our trip to the Conference.

I would like to let you know that **I'm rich!!**

**This morning I searched my wallet. It was empty.**

**Then, I checked my pockets, I found a few coins.**

**I then searched my heart and found you.  
Then I realized how rich I really am.**

Respectfully submitted to you,  
Nancy Villard, President.

Please remember to take Birthday treats to Southlands when it is your turn. Joyce Hibbard will send you a reminder and let you know which residents have birthdays that month so you can have a card for them as well.

### Letter from your Editor:

Don't forget we are "going green" and emailing the newsletter and only printing a few to send to those who don't get email. Make sure I have your correct email address so you can get your Jib Sheet. The Jib Sheet will also be posted on the website as usual. If you have any tidbits of news, trivia, jokes (clean of course) or any ideas of what you want in the newsletter, please let me know at [joycemig1@att.net](mailto:joycemig1@att.net) or [cjm@cjmgraphics.com](mailto:cjm@cjmgraphics.com).

### Joke of the Month

*Here's a type of resume/career direction you may want to avoid...*

- ✚ My first job was working in an orange juice factory, but I got canned. I couldn't concentrate.
- ✚ Then I worked in the woods as a lumberjack, but I just couldn't hack it, so they gave me the axe.
- ✚ After that, I tried to be a tailor, but I just wasn't suited for it - mainly because it was a sew-sew job.
- ✚ Next, I tried working in a muffler factory, but that was too exhausting.
- ✚ Then, I tried to be a chef - figured it would add a little spice to my life, but I just didn't have the thyme.
- ✚ I attempted to be a deli worker, but any way I sliced it, I couldn't cut the mustard.
- ✚ My best job was being a musician, but eventually I found I wasn't noteworthy.
- ✚ I studied a long time to become a doctor, but I didn't have any patience.
- ✚ Next, was a job in a shoe factory. I tried but I just didn't fit in.
- ✚ I became a professional fisherman, but discovered that I couldn't live on my net income.
- ✚ I managed to get a good job working for a pool maintenance company, but the work was just too draining.
- ✚ So then I got a job in a workout center, but they said I wasn't fit for the job.
- ✚ After many years of trying to find steady work, I finally got a job as a historian - until I realized there was no future in it.
- ✚ My last job was working in Starbucks, but I had to quit because it was always the same old grind.
- ✚ So, I retired and I found I am perfect for the job!

## Quote of the Month

It is not in the still calm of life, or the repose of a pacific station, that great characters are formed—The habits of a vigorous mind are formed in contending with difficulties. All history will convince you of this, and that wisdom and penetration are the fruit of experience, not the lessons of retirement and leisure. Great necessities call out great virtues.
